Oh my gosh, not at all Valois! I am glad you flagged it for the group-I forget how all the sections are so interrelated so agree that we need to keep everyone in the loop. I'll send an email to the group providing some context. Please add anything I missed.

Your whack a mole analogy is perfect here!

Sure. I'm sorry to have caused you concern & didn't mean to put it on you. I was trying to keep everyone in the loop about changes that have a larger impact but should have provided more background about why we were making the changes.

Are you familiar with that whack a mole game? We are trying to keeping up but there are too many moles popping up at once!
